Dear Patient,

We appreciate your interest in our dental practice. When you visit our office you will find a unique and relaxing environment. All of our treatment is designed to be permanent and to exceed all of your expectations. We utilize the most recent technology and techniques our industry has to offer. Our areas of specialty are aesthetic and functional dentistry.

♦Aesthetic dentistry: We use the best materials, laboratories and techniques available to achieve the best result. All dentists proclaim to offer "cosmetic services" but we have taken it to the next level. We have completed the highest level of training at the Las Vegas Institute and were honored by them for outstanding achievement.
Aesthetic dentistry includes:

whitening / zoom
porcelain veneers
smile rejuvenation
metal free dentistry

♦Functional Dentistry: When we perform functional dentistry we are improving a patient's bite, improving the way the muscles and joints work together and providing the proper aesthetics through the bite relationship. A more functional bite can improve your appearance, remove wrinkles and make you look 10 years younger.
Functional dentistry includes:

orthodontics / Invisalign
one-visit crowns
implant restorations
dentures/partials
Strickland Facelift Dentures™
periodontal therapy
TMJ / headache treatment

Please bring any completed paperwork with you to your appointment. If you have any questions please feel free to call, a member of our team will be happy to help you.
